Description

A Waltham Traveler full hunter pocket watch, 1918. The watch has a stem-winding movement which is working nicely. The movement is fully signed and the serial number 21,918,964 dates it back to 1918. The movement is protected by an inner hinged cover (which has a couple of scratches). The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated. There are some minor marks and signs of age but overall the condition is very acceptable for a piece that is 100 years old. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in good condition. The signed dial is in lovely condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
