Description

A superb French cherry wood dining table with pull out bread board and drawer, attractive fluted frieze, raised on elegant sabre legs. This generously proportioned table will comfortably seat 14. The colour and patina of the 5 plank top with cleated ends is rich and mellow. The condition is good, there has been a historic repair to a very tiny area on the top, this has been very well done and just adds to the character. There is a short split to one of the legs, this is minor and doesn't affect the stability, strength or appearance of the table. We have shown this in the photographs. A stunning antique French farmhouse table to add impact to the kitchen or dining room and the perfect table for entertaining. c.1850 Length: 8'6" (2m 55cm) Width: 39.5" (100cm) Height: 30" (76cm)
