

SA559625

Antique stem winding Waltham pocket watch 1911.

Price

Sold

Item Reference: SA559625

Date of manufacture: 1910

Description

Antique stem winding Waltham pocket watch 1911. The watch has a 17 jewel stem-winding movement, grade 630, which is working well. The grade 630 movement was only made in a small quantity of 11900 in total. The movement is signed and it has the serial number 18125359 which dates it back to 1911. The movement is protected by an inner hinged cover. The watch measures 50.6mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has light surface marks from use but overall is in nice condition for a 1911 piece. The acrylic lens is in nice condition. The white enamel dial is signed Waltham, U.S.A. It has a faint hairline crack to the outer edge between 3 & 4 o'clock although hardly noticeable, but overall it is in nice condition. The watch has its original gold hands and blued steel sub second hand. The watch comes in a new presentation box. Price includes worldwide postage.
