Description

1925 Waltham Traveler silver pocket watch. The watch has a stem-winding movement, Traveler grade, which is working nicely. The handsomely patterned movement is fully signed and the serial number 25,025,514 dates it back to 1925. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the case backs for Birmingham 1924 with a maker's mark for the case maker Aaron Dennison... the Dennison cases made the majority of cases for Waltham UK. The front of the case is in good condition with just a couple of minor marks. The case back, with engine turned detail, has some unevenness. The acrylic lens is in good condition. The signed dial is in good condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
