Dimensions

Height = 22 cm (8.7")

Width = 13 cm (5.1")

Depth = 8 cm (3.1")

Description

A stunning mantel clock in the Gothic Revival style. The "lancet" shaped clock case is in a copper alloy and brass combination, with gothic detailing and columns. The case houses an eight day, possibly Swiss, movement of exceptional quality. It also has a barometer mounted below the clock. Retailers name on dial. The movement has been oiled and is running well and keeping good time. A three month guarantee on the movement is included when the full purchase price is paid. Additional photographs and information available on request. FaceTime facility available. Please be aware that the item is old and antique and study any photographs to satisfy yourself as to its condition as much as possible. While we take all efforts to provide something that is fit for the use intended there may be various condition issues that are commensurate with age and considered part of its history, and are very subjective. However, you have legal rights and Consumer Contract Regulations (2014) still apply for "Distance Selling" if this is not a "face-to-face" purchase. The advertised price includes packing and postage within mainland U.K. with Royal Mail's 2nd Class Service. Special Delive...
