## Description

A beautiful Victorian mahogany chest of drawers dating from the mid to late 19th Century. Excellent quality and very well made with a lovely rich patina and wonderful grain. They are set on small bracket feet and have a raised gallery around the top. The drawers run well and it a clean sturdy set with all the original turned knobs, the knobs being graduated in size from top to bottom. Internally the drawers are generally clean and tidy and they come with the original key which is able to lock each drawer. There are the usual small signs of wear and a few marks and some small chips around the bottom of the feet but nothing detrimental and they display very well. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
