Description

William IV rosewood end support library table of a gorgeous mellow colour. The top veneered on mahogany with rosewood cross banded edge, no splits or cracks. Narrow frieze in cross grain rosewood with bead moulding beneath with stepped, shaped out corners. The base with round columns to each end with platform type bases and carved scroll type feet with castors beneath. There is some veneer loss to the leaf / petal shaped sections at the base of the turned end supports but this doesn't really notice and doesn't detract from what in fact is a pretty nice table. Finished all round. Lovely mellow colour with good original patination. SIZE; 53" wide by 25" deep by 28 1/2" high CIRCA; 1830 - 1840
