Description

Beautiful condition, professionally serviced with a 12 month warranty. This is a very fine and exquisite example of a ladies wristwatch made by the world renowned premier Swiss maker International Watch Company (IWC). It has a very heavy platinum case surrounded by diamonds and then the most beautifully designed articulated shoulders which simply glides around the wrist and is very much of the Art Deco era in design, indeed we have never come across a design such as this before. It retains its original solid 18ct white gold bracelet which will fit almost any size wrist. As you would expect from IWC the diamonds are bright, crisp and evenly matched and has the total weight is approximately 3.5cts, the sparkle they generate is just stunning. It is quite stunning with a white dial which has been professionally restored so is in perfect condition. A new glass has been fitted and it has been cleaned and polished so it is absolutely pristine. The calibre 431 movement is an absolute gem, sparkling clean and in like new condition, this is a movement from the golden age of Swiss watchmaking. As you would expect from IWC the watch is fully marked on the dial and movement...
