Sold

Item Reference: SA561690

Date of manufacture: 1900

Description

Antique 1900s Waltham full hunter pocket watch. The watch has a stem-winding movement, grade 620, which is working nicely. The movement is fully signed and the serial number 9917903 which dates it back to 1900. The movement is protected by an inner hinged cover. The watch itself measures 52mm diameter excluding the winding stem and the loop. The case is gold filled and was made by the English based Dennison Watch Case Company. The case has light surface marks and a few small "dings" to the front and back covers from use but overall it is in nice condition for a 1900s watch. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in nice condition. The signed dial has a faint hairline crack between the sub seconds dial and 9 o'clock although hardly noticeable. The watch has its original gold hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
