Date of manufacture: 1930

Description

A gents 1930s Waltham wrist watch. The watch has a hand-winding movement, grade 737, which is working nicely. The movement is signed and the serial number 28591626 which dates it back to 1934. The watch itself measures 24mm wide excluding the winding crown and 34.5mm high excluding the lugs. The case is 10ct gold filled and it is signed inside the case back Wadsworth. The case has light surface marking from use but overall it is in nice condition. The original curved glass lens has some marking from use but you have to look closely to see it. The signed dial is in its original finish. The dial has some unevenness to the corners and light surface marking although it has a great vintage look. The watch has gold hands. A new leather strap has been fitted. Price includes worldwide postage.
