Description

An antique silver Omega pocket watch and chain. The watch has a stem-winding movement which is working well. The movement is protected by an inner hinged cover. The watch measures 47.3mm diameter excluding the winding stem and the loop. The case is 935 silver and there are Continental hallmarks inside both of the case backs, together with an early Omega mark. The case has light surface marking from use and some mild bruising to the outer edges. The glass lens is in nice condition. The white enamel dial has a couple of faint surface scratches but otherwise it is in nice condition. The watch comes with a silver double albert, each of the longer chains measure 26cm long including the T-bar and the clasp. The chain weighs 30.8g. The watch and chain will be sent in a new presentation box. Price includes worldwide postage.
