Description

A 1930s Tempa pocket watch with chain. The Tempa name was registered by Adolphe Haecker, La Chaux de Fonds, Bienne with the first Tempa watches being advertised in the mid 1920s. The watch has a 15-jewel stem-winding movement which is working well. The watch itself measures 46mm diameter excluding the winding stem and the loop. The case is gold plated and has light wear to the edges and a couple of mild bruises to the back but overall it is in nice condition for a 1930s piece. The acrylic lens is in nice condition. The signed dial has a textured 3-d effect block pattern... it is in its original finish and is in nice condition. Original hands, a subsidiary seconds dial and outer minute markers. The watch comes with a rolled gold single chain which measures 18cm long including the T-bar and the clasp. The watch will be sent in a new presentation box. The watch includes free worldwide shipping
