Description

A vintage 1920s Pinnacle Half hunter pocket watch. The watch has a Swiss stem-winding movement which is working well. The movement is stamped Pinnacle, 7 jewels, Swiss made. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star made by the Dennison Watch Case Company. The case has light wear to the bottom edge of the front cover and a small dent to the outer edge of the front cover at 5 o'clock although very acceptable for a 1920s piece. The watch lens is acrylic and is in nice condition. The watch has an enamel dial Pinnacle. The dial has a couple of very faint hairline cracks and a small nibble to the outer edge at 4 o'clock although hardly noticeable but otherwise it is in nice condition. The watch has its original blued steel hands, which has the special half hunter hour hand so even when the front cover is closed, the hands can be distinguished between and the time read. The watch will be sent in a new presentation box. Price includes worldwide postage.
