Description

A 1946 mid-size 9 carat gold wrist watch with fantastic vintage character, with a bakelite presentation box. The watch has a Swiss jewelled hand-winding movement which is working nicely. The watch itself measures 27.5mm diameter excluding the winding crown and the articulated lugs so it is classed as mid-size. The case is 9 carat gold and there are hallmarks inside case back for London, 1946. Both the bezel and the case back are screw fitting, a good sign of a quality case. The case has light surface marks but overall the condition is good for a 1940s piece. The lens is in good condition. The dial has a few marks but not too detrimental at all. A later leather strap has been fitted. The watch comes in a vintage bakelite watch case. Free worldwide shipping
