Description

The watch has a Swiss stem-winding movement which is working nicely. The movement is signed with the name Tivoli, a brand name registered by Stroun Freres SA (Cromel and Camy watches). The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and overall is in good condition with just the odd mark. The front cover has a small lens surrounded by enamel filled Roman numerals. The winding crown pushes in to release the front cover. Inside, there is an acrylic lens which is in good condition. The white enamel dial has blued steel hands (including the special half hunter hand), a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
