Description

For your consideration are this large pair of English Modernist Art Deco wall lights in chrome and glass circa 1930. Very substantial in both weight and quality. Heavy chromed back plates, glass slats that give a radial effect when lit. Ideal for bathrooms, hallways or any where that needs framing with some glamorous lights. Each light is 2 ft long and 4 inches tall. Needless to say these style of lights don't come onto the market often and when they do they're often damaged. These are totally authentic and to the period and in excellent condition with just minimal signs of age related wear.
