Description

An antique silver pocket watch, 1918. The watch has a nice quality 15 jewel, Swiss stem-winding movement, which is working well. The movement is protected by an inner hinged cover. The watch itself measures 46.6mm diameter excluding the stem and the loop. The case is silver and there are London import marks inside the case back for 1918 with the importers mark for Arthur George Rendell. The case has light surface marking from use but overall it is in nice condition for a 1918 piece. The glass lens is in nice condition with only the odd minor mark from use. The white enamel dial has several very faint hairline cracks although only noticeable through a jewellers loupe. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
