Description

Antique 1920s Swiss full hunter pocket watch. The watch has a stem-winding movement which is working nicely. The movement is stamped 21 jewels, 2 adjustments, Swiss made. The movement is protected by an inner hinged cover. The watch itself measures 50.5mm diameter excluding the winding stem and the loop. The case is gold plated and is the Empress model made by the American Watch Case Company. The case has light surface marking from use and a small dent to the bottom of the front cover but overall it is in nice condition for a 1920s piece. The winding crown pushes in to release the front cover. Inside there is an acrylic lens which is in nice condition. The white enamel dial is in nice condition with only the odd minor mark. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
