Description

This is a beautifully made 1930's Art Deco polished chrome desk lamp. On first viewing one can't not be impressed by both the period design and styling. The heavy chrome and metal build make this a very stylish lamp, which is deceptively heavy, even the wildest feline friend would have difficulty knocking this one over. The hood of the lamp is directional, being able to move up and down, as well as the two chrome tubular arms which are also adjustable, allowing this lamp to be either ambient lighting or direct working light. Condition is excellent, can't find any flaws to report.
