

SA563812

1930s Cyma pocket watch and chain

Price

Sold**Item Reference: SA563812****Date of manufacture: 1930**

Description

1930s Cyma pocket watch and chain. The watch has a good quality Swiss stem-winding movement, 15-jewels, three adjustments, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and overall it is in good condition, just some surface marks to the back, probably from where it has knocked against things in a pocket. The watch glass is in good order. The dial is in lovely condition, and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a later double albert, the longer chain measuring 27cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box.
