Sold**Item Reference: SA564444****Date of manufacture: 1950**

Description

A gents Omega Seamaster automatic wrist watch, 1958. The watch has an automatic movement, calibre 471, which is working nicely. The movement is fully signed and the serial number 15,287,232 dates it back to around 1956. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition with just some surface marking to the back but it is fairly light. The winding crown has the Omega logo. The inside of the case back has the Omega triangular stamp and the case reference 2802-4SC which is correct for the calibre 471 movement. The lens is in good condition. The signed dial has a little marking but you have to look quite closely to see it. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
