Description

Antique 1912 Waltham Traveler full hunter pocket watch. The watch has a stem-winding movement which is working well. The movement is signed American, Waltham, U.S.A. Traveler and the serial number 18627556 which dates it back to 1912. The movement is protected by an inner hinged cover. The watch itself measures 50.5mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the American Watch Case Company. The case is in good condition, just general light surface marks from use and a couple of small "dings" the back cover. The winding crown pushes in to release the front cover. Inside there is an acrylic lens which is in nice condition. The signed dial has a very small faint hairline crack to the bottom of the sub seconds dial but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
