

SA564854

A vintage 1930s stem winding
pocket watch

Price

Sold

Item Reference: SA564854

Date of manufacture: 1930

Description

A vintage 1930s stem winding pocket watch. The watch has a 15 jewel Swiss stem-winding movement which is working well. The watch measures 50.9 mm diameter excluding the winding crown and the loop. The nickel case was made by the Dennison Watch Case Company and has a screw on front and back. The case has light surface marks from use and a small "ding" to the back cover but overall it is in nice condition. The acrylic lens is in nice condition. The dial has a couple of faint hairline cracks to the outer edge at between 10 & 11 o'clock although hardly noticeable but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
