Sold**Item Reference: SA565001****Date of manufacture: 1930**

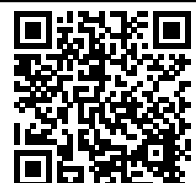

Description

A gents 1930s 9ct gold Waltham cushion cased wrist watch. The watch has a hand-winding movement, with beautifully damascened plates, which is working nicely. The movement is signed with the Waltham name and the serial number 27,508,209 dates it back to 1931. The watch measures 31mm wide excluding the winding crown and 31mm high excluding the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1933 with a maker's mark for the Dennison Watch Case Company. Dennison was a prolific manufacturer of cases for various watch factories, and the company had a close working relationship with Waltham. The case is in good condition, as is the lens. The white enamel dial has a couple of short hairline cracks towards the edge but they are faint and difficult to see with the naked eye. Blued steel hands, a subsidiary seconds dial and an outer minute track. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
