

SA566187

A 1930s Swiss pocket watch & chain.

Price

Sold

Item Reference: SA566187

Date of manufacture: 1930

Description

A 1930s Swiss pocket watch & chain. The watch has a nice quality 15-jewel, stem-winding movement which is working well. The movement is protected by an inner hinged cover. The watch measures 50.4mm diameter excluding the winding stem and the loop. The case is gold plated and was made in England by the Dennison Watch Case Company, a prolific producer of cases for various watch manufacturers. The case is in nice condition with only light surface marking from use. The acrylic lens is in nice condition. The white enamel dial has several very faint hairline cracks between 3 & 4 o'clock, barely noticeable to the naked eye but otherwise it is in nice condition. The watch comes on a vintage chain which measures 46cm in total. The watch & chain will be sent in a new presentation box. Price includes worldwide postage.
