Antique Omega pocket watch and chain

Price

Sold**Item Reference: SA566712****Date of manufacture: 1910**

Description

Antique Omega pocket watch and chain. The watch has a signed stem-winding movement which is working nicely and it is all protected by an inner hinged cover. The watch itself measures 49mm diameter excluding the winding stem and the loop. The case is nickel and overall it is in good condition with just a few minor marks, nothing too serious. The lens is in good condition. The signed dial has blued steel hands, a subsidiary seconds dial and outer minute markers with 24 hour numbers. The watch comes with a double albert, with each chain measuring 23cm long including the T-bar and the clasp. There is also a unusual fob. The watch and chain will be sent in a new presentation box.
