Description

A good quality small sized Victorian skeleton clock by Dalgety of Greenwich, circa 1860. The 8 day timepiece fusee movement (chain driven) with delicate quality wheels to the train, fronted by a narrow shaped silvered engraved brass chapter ring, signed to the upper edge Dalgety Greenwich, blued steel hands. The original ebonised moulded circular base with the original velvet pad, under the circular glass dome. The gothic shaped framework standing on four turned feet and united by six turned pillars with blued steel screws. Height: 9" including dome, 7" without dome. Base: 5.5" diameter. Dial: 3" diameter. A good quality skeleton clock in fine original condition of small proportions. The clock has been sympathetically cleaned and the movement fully restored to a high standard by our restorer with 12 months guarantee.
