

SA568754

A 1930s gun metal Omega pocket watch and chain.

Price

Sold

Item Reference: SA568754

Date of manufacture: 1930

Description

A 1930s gun metal Omega pocket watch and chain. The watch has a 15 jewel stem-winding movement which is working well. The movement is signed Omega, 15 jewels, Swiss made and has the serial number 7613779 which dates it back to around 1931/32. The movement is protected by an inner hinged cover. The watch measures 47.8mm diameter excluding the winding stem and the loop. The gun metal case has age related marking but overall it is in good condition and has gold embellishments. The early Omega logo can be found on the inside of the outer case back. The watch glass has the odd minor mark but nothing serious at all. The signed white enamel dial has an old repair at 4 o'clock and several faint hairline cracks although hardly noticeable to the naked eye. The watch comes with a gun metal albert chain, 31cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box. Price includes worldwide postage.
