Description

Good example of a country made 19th Century Cricket Table. Traditional form with three legs and a circular pine top. It is in good condition and is strong and sturdy with a pleasant warm patina. There are some signs of use and age and it looks like the end pieces from the top could have been replaced at some point in its life but it displays well. It has been lightly waxed to retain its aged patina and it is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
