

SA570341

Antique 1903 Waltham half hunter pocket watch.

Price

Sold

Item Reference: SA570341

Date of manufacture: 1900

Description

Antique 1903 Waltham half hunter pocket watch. The watch has a stem-winding movement, calibre 210, which is working nicely. The movement has beautifully patterned plates and is fully signed and the serial number 12189536 dates it back to 1903. The movement is protected by an inner hinged cover. The watch measures 47.4mm diameter excluding the winding stem and the loop. The case is gold filled and was made by the Dennison Watch Case Company. The case is in nice condition. The front cover has a small lens surrounded by black enamel filled numbers and detail. There is some marking to this little lens, and some enamel loss but not too detrimental at all. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in nice condition. The dial has a very faint hairline crack at 7 o'clock but otherwise it is in nice condition with blued steel hands (including the special half hunter hour hand), a sunken subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Price includes worldwide postage
