Description

A very interesting pair of 19th Century cast iron figures depicting two females with a swan in a classical pose. The group sit on an oval base with flowers and rocks. The casting is sharp and crisp and the condition is very good, the white paint has worn in places with rust showing through. We love the existing natural look, which we feel adds to the appeal of this charming Victorian pair. This pair of 19th Century figures would be a decorative focal point whether placed indoors, on the terrace or in the garden. c.1870 Height: 13.5" (34cm) Depth: 7.5" (19cm) Width: 13.5" (34cm)
