Description

A vintage 1930s Waltham Traveler pocket watch. The watch has a stem-winding movement which is working nicely. It is a good quality movement with beautiful patterned plates. The movement is fully signed and the serial number 27133295 dates it back to 1930. The watch measures 50mm diameter excluding the winding crown and the loop. The case is gold filled and was made by the American Watch Case Company. The case has a screw on front and back. The case has light surface marking from use and a couple of small "dings" to the back but overall it is in nice condition for a 1930s piece. The watch glass is in nice condition with only the odd minor nibble to the outer edge. The dial has a very faint hairline crack between the sub seconds dial and 5 o'clock but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
