## Description

Antique 1903 Waltham full hunter pocket watch. The watch has a stem-winding movement grade 620 which is working well. The watch has a good quality stem-winding movement with a 15 jewels, Church 1892 Starwheel regulator, jewelled pallets and damascening, all major extra expense at the time of manufacture. The movement is signed A.W.W.Co. Waltham, Mass and the serial number 13339576 which dates it back to 1903. The movement is protected by an inner hinged cover. The watch itself measures 50.5mm diameter excluding the winding stem and the loop. The case is 10ct gold filled and is the Moon model made by the Dennison Watch Case Company, a prolific case manufacturer based in England who made cases for various watch manufacturers. The case is in nice condition with only minor marking from use. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in nice condition. The white enamel dial is in nice condition. The watch has its original blued hands. The watch will be sent in a new presentation box. Price includes worldwide postage
