Description

A very nice example of an antique pine apothecary, dating from around the c.1920's. Top and bottom sections that separate for delivery - the top being a glazed display case with sliding doors, and the bottom is made up of many drawers (24 in total!) and a small cupboard. Each drawer has a white porcelain knob and there are two shelves inside the cupboard. An excellent storage piece that would be very useful as an Artist's cupboard, or in a shop, or just as an "organiser" in your home! Height 74", width 43", depth 15.5"
