Description

An antique Waltham Royal full hunter pocket watch and albert. The watch has a 17-jewel hand-winding movement, Royal grade, which is working nicely. The movement is fully signed and the serial number 12,593,760 dates it back to 1903. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated. There is some unevenness to the case. The winding crown pushes in to release the front cover, which then needs opening with your nail. Inside there is an acrylic lens, a more durable option than glass. The signed dial is in good condition. The watch comes with a single albert, 29cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box.
