Description

An antique silver pocket watch, 1913. The watch has a nice quality jewelled, Swiss stem-winding movement, which is working well. The movement is protected by an inner hinged cover. The watch itself measures 49.8mm diameter excluding the stem and the loop. The case is silver and there are London import marks inside the case back for 1913 with the importers mark for George Stockwell. The case has light surface marking from use and the odd small "ding" to the back but overall it is in nice condition for a 1913 piece. The glass lens is in nice condition with only the odd minor mark from use. The white enamel dial is in nice condition with only the odd minor mark. The watch has later blued steel hands although antique. The watch will be sent in a new presentation box. Price includes worldwide postage
