Description

Antique Waltham full hunter pocket watch, 1919. The watch has a stem-winding movement which is working nicely. As well as being fully signed, the movement also has the serial number 22,741,956 which dates it back to 1919. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding crown and the loop. The case is gold plated. There are some surface marks commensurate with its age but overall the condition is very acceptable. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in good condition. The signed dial is in lovely condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
