

SA573064

Antique pocket watch, c1910s

Price

Sold**Item Reference: SA573064****Date of manufacture: 1910**

Description

An antique pocket watch, c1910s. The watch has a stem-winding $\frac{3}{4}$ plate movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is nickel and it is in good condition. There is a nice rose gold highlight around the bezel. The lens is in good condition. The dial is marked with the wording 8 day although we would recommend that the watch is wound each day as you would with a normal pocket watch. There is some damage around the centre. Blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
