Description

A really terrific Georgian old Sheffield plate meat platter, a fabulous shape standing on the four most wonderful legs and decoration to each end of the dish. The well and tree dish used for both carving and serving having a hot water jacket. The shaped border is again decorated with floral and foliate motifs with hand-chased. Dating to c.1820, it remains in fine condition with a few dings here and there, mostly on the underside commensurate with age and use. A truly lovely example. 23" x 17 1/2" x 4 1/2" tall. A hefty piece but worldwide shipping is included! Item ID: 40438 FREE Worldwide Registered Airmail Directly From London, England
