Description

For your consideration is this 1930's Art Deco stool, beautifully veneered in blonde Birds Eye Maple and Walnut feather banding edging. We've had the stool fully restored and so is in great condition. We haven't had the stool reupholstered so the material does show signs of use and you may wish to recover it, this is quite a simple job but something we thought we'd leave for the customers choice. The woodwork is without damage, no chips, cracks or discolouration.
