Description

1930s Grosvenor pocket watch with chain. The watch has a good quality 15-jewel stem-winding movement which is working nicely. The watch measures 45mm diameter excluding the winding crown and the lugs. The case is gold filled and it is in good condition with just minor marking. The watch glass is in good condition. The signed dial has a very attractive two tone finish, original hands, a sunken subsidiary seconds dial and an outer minute track. There is some marking at the bottom of the dial but overall it has a very stylish appearance.
