Sold**Item Reference: SA573557****Date of manufacture: 1920**

Description

1925 Waltham Traveler pocket watch. The watch has a stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and the serial number 25,022,733 dates it back to 1925. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is 10ct gold plated. There are some surface marks as you would expect, and a shallow indentation to the back, but overall very acceptable for a piece from the 1920s. The watch has an acrylic lens which is in good condition. The signed dial looks good to the naked eye. If viewed very closely, there is a short faint hairline crack by number 5. Blued steel hands, a slightly stepped subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
