Description

Antique pine shop counter dating from the c.1920's, in excellent condition for its age. Currently the original leather inlaid is on the work surface, but we have known our customers to change this, for marble or tiles, to something suitable for use with food and knives. Many of our customers buy antique counters to use as a kitchen island / work top. This particular counter is in lovely condition throughout - the sides, back and front are all sound and solid. It has recently been stripped to the bare wood and is now ready for waxing or painting. It currently stands at 32" high but can be made higher by replacing the original feet, standing at 36". Please let us know of your requirements. Height with feet 36", height without feet 32", width 69.5", depth 27"
