Description

1925 Waltham Traveler pocket watch. The watch has a stem-winding movement, Traveler grade, which is working nicely. The handsomely patterned movement is fully signed and the serial number 24,837,169 dates it back to 1925. The movement is protected by an inner hinged cover which has a "ding". The watch measures 50mm diameter excluding the winding stem and the loop. The case is 10ct gold plated and was made by the Dennison Watch Case Company, a prolific case manufacturer who supplied various watch makers. The case has a fairly small "ding" on the bezel and unevenness to the hinged case back. The watch glass is in good condition, just a couple of short scratches. The signed dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
