Description

A very attractive mahogany bracket clock by Russells Ltd, 18, Church St., Liverpool. Brian Loomes "Clockmakers of the World" lists them as "Makers to the Queen". The superb lancet top mahogany case has boxwood stringed inlay and diamond shaped rosewood cartouche to the front. There are quarter reeded columns to the corners with brass doric capitals and brass inlays to the lower half. This is a feature usually seen on high class London clocks. It stands on brass bun feet with brass finials to the top. There is a superb patina to the case. The 6" convex, enamelled dial has black Arabic numerals and is signed with the makers name. It is totally free of any chips, cracks or crazing. It has a heavy, cast brass bezel with convex glass. The 8 day French made movement strikes on the half-hour and the hour and has just been fully serviced by our BHI registered staff. It carries our usual 12mths parts and labour guarantee. A very sophisticated clock. All cards accepted.
