Description

Hard to find these days, particularly in this stunning condition, this English Victorian egg cruet dates to around 1880. The base is made from a solid piece of English Oak and surrounded with a silver plated frame which incorporates four shield shaped feet which could be engraved if desired. The five plated egg cups sit on their individual prongs and each has a wonderful gilded interior. There is a makers mark which I have photographed but am unfamiliar with. Complete with five spoons, this set remains in excellent condition, measuring 7" in diameter foot to foot x 7" tall. Item ID: 31437 ----- FREE Worldwide Registered Airmail; Insurance Optional.
