Depth = 10 cm (3.9")

Description

This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is the calibre 354 fully automatic bumper movement. An Omega "bumper" is a vintage Omega that has a "bumper" automatic movement rather than a full rotation rotor automatic. The oscillating weight makes a partial rotation before "bumping" into a cushioning spring. The dial is original and in wonderful condition. It measures 32.5mm in diameter excluding the winding crown. It also has the Omega symbol on the winding crown. A new glass has been fitted and the case has been professionally polished so it is in superb condition. As you would expect the watch is fully marked on the dial, movement and case. It also comes with a choice of different coloured straps. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. The watch has been fully serviced and is guaranteed to be a genuine Omega in all respects. It has been professionally overhauled, the process is highly detailed and meticulous. It is stripped down to its component parts and each part is examined under a mi...
