Description

Silver Dimier Freres & Cie pocket watch with Transport Trade Union reference. The watch has a good quality signed stem-winding movement, with snail cam regulator, which is working nicely. The watch measures 49mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the case back for Birmingham 1938 with a case maker's mark for Aaron Dennison, a prolific manufacturer of cases for various watch makers. The back of the watch has a 1939 retirement inscription from the Transport & General Workers Union. There is some gentle unevenness to the back of the watch but overall the condition is good. The lens is in good condition. The dial is signed with the details of the original retailer, A J Parker, 3 Fleet Street, Swindon. The dial is in lovely condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
