Description

Antique Waltham Traveler pocket watch and chain. The watch has a stem-winding movement, Traveler grade, which is working nicely. The movement is fully signed and the serial number 11,699,111 dates it back to 1902. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is in good condition for such an early piece, just some surface marking from use but nothing too serious. The signed dial is in good condition. The watch comes on a single albert, 22cm long including the T-bar and the clasp. The watch and chain will come in a new presentation box.
