Description

A very stylish example of another Art Deco Classic is this 1930's Art Deco bakelite lamp. A stunning caramel coloured ribbed catalin bakelite stem sits atop an all chrome circular stepped base with a chrome bayonet fitting and gallery. All finished off with a wonderfully shaped satin glass shade. Fully working and tested. A real "must have" piece of lighting. Stands a whopping 50 cm tall! Condition is way above average, the catalin isn't cracked or discoloured and the chrome is crisp and bright and without pitting /tarnishing.
